

# Heavy-Duty Cleaners

## Solves Your Toughest Cleaning Challenges

### Multi-Surface Cleaning Gel™

**Make your stainless steel sinks, cookware and faucets shine like new**

This non-abrasive gel formula cleans and shines stainless steel, chrome, aluminum, brass, metal cookware and copper bottom pans. Powers away rust and mineral deposits on fiberglass, porcelain and ceramic surfaces, concrete, terrazzo and stone floors.

### Sanox II® Disinfectant Cleaner

**Kills germs and fights mold on contact**

This hospital-strength formula disinfects hard, non-porous surfaces in bathrooms, kitchens and laundries, and kills illness-causing germs and bacteria. Sanox II also sanitizes litter boxes, kennels, diaper pails, and garbage cans and fights mold, mildew and fungus in damp or humid areas. Concentrated and easy to mix: just add two teaspoons per 22 ounce bottle. Translucent, adjustable-spray nozzle bottle features graduated measuring scale.

### Bontz® Oven and Grill Cleaner

**Makes oven cleaning a breeze**

Industrial-strength formula quickly dissolves tough grease and baked-on residue from ovens, grills, and glass fireplace doors and loosens burnt-on food and grease around stove burners. This high-alkaline product will also remove carbon deposits from porous surfaces including concrete, brick and stone and strip wax from linoleum and tile floors.

*“Conklin’s industrial-strength cleaners really work! Multi-Surface Cleaning Gel makes all my stainless appliances and faucets shine like new, Bontz keeps my oven and grill sparkling clean. Sanox II keeps my home safe from germs and bacteria.”*
