Tips from our customers:

- During the warm months, my windshield gets dirty on the outside and filmy on the inside. That's why I keep my mini bottle of Reflections in my car. Then, anytime I need to clean the windshield inside or out, it's handy.
- Great size for traveling. I take pre Waush on trips to treat stains before they set.

"I keep a two ounce bottle of Waush in my bathroom for hand washing fine fabrics. It cleans gently, rinses out easily."
