INTERIOR PAINT

- Protects and beautifies
- Durable, washable finish
- Hundreds of colors available

### Protection and Performance

Show Kote® acrylic latex interior paint is an extremely cost effective way to freshen the look of your home or business. Show Kote contains high quality ingredients that yield a thicker layer of protection, longer lasting vibrant color, smoother texture and excellent adhesion to most interior surfaces. Show Kote applies easily to most interior surfaces including primed wood, plaster and wallboard materials.

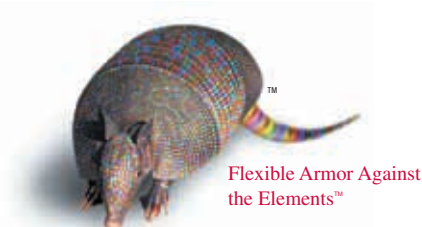

Many competitive brands use higher quantities of water and fillers in their paint formulations to keep their prices low. More water reduces the paint quality characteristics and increases messy splatters. Show Kote paints use less water and more solids, giving you richer colors, better coverage, easier application and a tough, washable finish for years of beautiful service.

### Hundreds of Decorative Colors

Find that perfect color in the Master Guard fan deck color selector and order your paint premixed in low minimum quantities. The Master Guard Custom Color Fan Deck offers a wide range of colors from off-whites and pastels to deep, rich accent colors to meet your personal tastes. Choose between a creamy satin or a sparkling semi-gloss finish:

**Satin finish:** A smooth, velvety finish that glides on effortlessly. Satin combines an elegant, low sheen appearance with superior washability.

**Semi-gloss finish:** The ultimate glossy, durable finish that applies easily and wears and wears. Semi-gloss is perfect for kitchens, bathrooms and other areas subject to moisture and high traffic.

### Easy Application and Clean Up

Show Kote covers up to 350-400 square feet per gallon depending on surface texture. On irregular or contrasting surfaces, 250-300 square feet per gallon is recommended. Show Kote paint is easily applied with a brush, roller or sprayer. Clean up is a snap with soap and water.

Use Show Kote Interior Paint Primer on surfaces such as new drywall and plaster and Show Kote Interior Ceiling Paint for the perfect finish on ceilings. Refer to the Show Kote interior paint and interior paint primer specification sheets for additional details.

“Show Kote Interior Paint is a really nice, smooth, creamy paint. It holds color real well, without mixing, even after two weeks of sitting. And it leaves a really nice finish.

It’s a very high quality paint and covers better than competitive brands. It’s nice to work with, it doesn’t pull, it glides on. Anyone can paint with it and get a real nice result and finish.”

James Kissler, Colo.

### Show Kote Guarantee

Show Kote is fully guaranteed as to chemical composition. The Conklin Company will replace such product proved to be defective; tinted paint is not returnable except in cases of proven product defect.

The Company guarantees customer satisfaction of up to five gallons of Show Kote purchased in a single-unit order when used as directed. If, after using the product in the manner and for the purpose for which it was intended, there is dissatisfaction with the product except for color selection, return the container and any unused portion of the product to the Distributor from whom the product was purchased.
