

Don't replace your roof - restore it!

Conklin's MR System is a complete waterproofing system for metal roofs. Conklin's MR System can be applied directly on top of most metal roofs, creating a waterproof barrier that will protect your building and its contents for years. A roof restored with Conklin's MR System will deliver all these benefits for years to come:

- Stops leaks.
- Inhibits rust.
- Increases energy efficiency and lowers utility expense with its cool, white reflective surface.
- Enhances appearance with attractive finish coat.
- Extends the life of your roof.

Professional Application of a Conklin MR System®

1. Power wash and clean with Rust Off®.

2. Prime with Metal Ready® Universal.

3. Caulk all fastener heads.

4. Reinforce existing seams with Spunflex® and base coat.

5. Seal entire roof with one of our approved acrylic coatings.

A Conklin MR® System is the smartest way to stay in the black

Reduce cooling expense by up to 30%

The average roof absorbs a large portion of the sun's ultraviolet rays as heat. Conklin's MR System® reflects 84% of the sun's heat, cooling your building and saving you as much as 30 percent in air conditioning costs.

Recoup your costs

A great return on investment is another important reason to install Conklin's MR System®. Many satisfied building owners discover that a Conklin roof pays for itself during the warranty period in lower air conditioning costs. Federal tax rebates, tax credits and deductions may also offset your investment. Check with your local utility company, tax advisor, and www.energystar.gov for additional details.

Look forward to years of trouble-free protection, low maintenance

Conklin MR® Systems provide leak-free protection and exceptional energy savings for years, often exceeding the warranty period. They maintain

maximum reflectivity and energy savings because their surfaces are resistant to dirt and discoloration. Annual or bi-annual cleaning is all that's needed to keep them white.

Eliminate future roof tear-offs

Years from now, when it's time to renew the superior protection of your Conklin roof, a simple recoat will do the job. In most cases, multiple recoats can be done for the entire life of your roof, saving you the expense of a new roof. With your recoat, our material warranty may also be extended several years. Your Conklin Roofing Contractor will inspect your roof and advise you of the best way to restore the protective envelope of your building.

Enjoy peace of mind with our Warranty Program

Conklin's optional warranty program includes a non-pro-rated material warranty.

Testing & Approvals

Conklin is a member of National Roofing Contractors Association (NRCA), Spray Polyurethane Foam Alliance (SPFA), a division of the American Plastic Council, E.P.A. Energy Star® and the Cool Roof Rating Council (CRRC). Our products meet or exceed the standards set by these organizations.

Conklin is a charter member of the Energy Star Program. Our products meet criteria established by EPA/DOE for energy efficiency and reflectivity.

Meets requirements of reflectivity and emissivity for inclusion in the CRRC program.
