

FEAST[®] YIELD MASTER[™]

L I Q U I D F E R T I L I Z E R

9-18-9

Guaranteed Analysis:

Total nitrogen (N).....	9.0%
3.2% ammoniacal nitrogen	
5.8% urea nitrogen	
Available phosphate (P ₂ O ₅).....	18.0%
Soluble potash (K ₂ O).....	9.0%
Nutrients derived from urea, white phosphoric acid, potassium hydroxide, and aqua ammonia. FO48	

To obtain maximum benefits from this product, in starter and foliar applications, soil tests and/or tissue tests are recommended. For certain sensitive crops, only deep-placement (off seed) will be recommended by lab analysis.

General Guidelines: As a **starter fertilizer** application – maximum of five gallon per acre in-row (with the seed) or when using a splitter. As a **foliar fertilizer** application – maximum of five gallon per acre.

Under the following conditions, the use of seed placement starter fertilizer may result in crop damage: low soil moisture, high soil nitrate levels, low soil organic matter content, extremely light sandy soils, soils high in sodium or soluble salts. Your own farm environmental conditions and experience are most important when deciding to use a seed-contact starter fertilizer. Refer to product specification or crop recommendation sheets for usage information.

Storage and Disposal: Store in fiberglass, stainless steel, polyethylene or mild steel. Not compatible with brass, bronze, aluminum or cast iron. DO NOT reuse container. Triple rinse container prior to recycling or disposal. Keep spills from waterways and sewers.

Important: Consult manufacturer for pertinent product information at <http://www.conklin.com/agrovantage/docs>

CAUTION: MAY CAUSE IRRITATION OF EYES, SKIN, AND DIGESTIVE AND RESPIRATORY SYSTEMS. Keep out of the reach of children.

In case of contact with eyes, flush with water for at least 15 minutes. Wash skin thoroughly with soap and water. If irritation persists, seek medical attention. If swallowed, dilute with one to two glasses of water if victim is conscious, and get medical attention immediately.
