Wash[®] Ultra Fresh Laundry Detergent Specification Sheet

The advanced, environmentally friendly cleaning technology in Wash Ultra Fresh removes stains, even in cold water—saving energy and lowering your heating bills. This ultra-concentrated formula performs in all water temperatures, and in all standard top-loading or high-efficiency waters, with no bleaching agents. Wash Ultra Fresh comes in 64-ounce and 1-gallon containers.

Recommended For

Safe for all washable fabrics.

Directions for Use

Use 1/4 to 1/2 ounce of Wash Ultra Fresh per load. Larger loads and hard water could require 1 ounce. For best results, add Wash Ultra Fresh to water before adding clothes. Use dispense pump #78557 (64 oz.) or #78769 (1 gal.) for dispensing.
