

CONKLIN[®] FASTRACK[®]

LIQUID DISPERSIBLE

This dispersible powder was created for young animals and poultry to help improve their over all health by aiding the immune system and increasing nutrient absorption.

Fastrack Liquid Dispersible Supports

- Appetite
- Growth and Development
- Digestion
- Nutrient Absorption
- Balance pH
- Uniformity
- Mortality

"If you can save 10 birds, you have done made up for that Fastrack."

- Justin E. , TN

Fastrack® Liquid Dispersible

Mix into bottles along with milk replacer or colostrum daily until weaning. For continued success follow with Fastrack Microbial Pack.

Cycle Liquid Dispersible through water medicators for 2-4 hours, daily.

Maintenance

Challenge

Calves		
Calves	2 g. per calf	5 g. per calf
Per 25 head		
Swine 40-130 lbs.	6 g.	10 g.
Swine over 130 lbs.	12 g.	18 g.
Breeding and Gestating Sows/Gilts	18 g.	24 g.
Per 1,000 birds		
Broilers and Layers	2-4 oz.	6-8 oz.
Turkeys	6-8 oz.	8-10 oz.
Quail, Pheasants, and Ducks	2-4 oz.	6-8 oz.
*Upon placement, use challenge dosing for days 1-4		

Maintenance dosing is for times when the animal is not under stress but could benefit from maintaining a healthy microbiome.

Challenge dosing is for not routine situations that can occur causing the animal to undergo stress.

Minimum Guaranteed Analysis per 1 g.

Total lactic acid-producing bacteria activity: 880 million colony-forming units from *Enterococcus faecium*, *Lactobacillus acidophilus*; total live yeast cells: 880 million (*Saccharomyces cerevisiae*); protease from *Bacillus subtilis* not less than 4,225 protein catalytic units; and amylase from *Bacillus subtilis* and *Aspergillus oryzae* not less than 2,535 bacterial amylase units.

Ingredients

Lactose, dried chicory root, whey, yeast active dehydrated (*Saccharomyces cerevisiae*), dried *Enterococcus faecium* fermentation product, dried *Lactobacillus acidophilus* fermentation product, dried *Aspergillus oryzae* fermentation extract and dried *Bacillus subtilis* fermentation extract.

Store in a cool, dry location out of direct sunlight.

It is not recommended to run sanitation through water lines at the same time as Liquid Dispersible.

Fastrack is not intended to diagnose, treat, prevent or cure illness, nor is it intended to replace prescribed medications.
